Clinical Tools and Patient Education Materials now available for COPD

Click on www.mainehealth.org/COPD to view the new clinical tools that are available for COPD including:

- GOLD Guidelines
- An algorithm for adults with respiratory symptoms suggestive of asthma and/or COPD
- An office flow sheet to prompt Tobacco/COPD status assessment and delivery of assistance
- A Diagnosis and Management Checklist
- A COPD Action plan to provide to your patients
- Posters to help your patients recognize their symptoms and understand the need for spirometry
- Links to numerous websites for COPD.

You will also find several patient education brochures and booklets designed for patients at all levels of health literacy.

These clinical tools and patient education materials are available to order on the J. S. McCarthy website: www.jsmcCarthy.com/mainehealth.

If you have questions about any of these materials, please contact Program Manager, Donna Levi at levid@mainehealth.org or 541-7566.
