

2011 MMC PHO Quality Care Recognition Program
Patient Experience Survey Initiative

Informational Webinar

Tuesday, April 5th 12:15-1:00 pm

What is a Webinar?

A Webinar is a web-based service that combines real-time desktop sharing with phone conferencing so all participants see the same thing. Because the host can share items directly from his/her computer, it's more productive than just a phone conference. We currently use the product called WebEx.

How do I register?

To register for the session, please go to:

<https://mmcph.webex.com/mmcph/j.php?ED=126788192&RG=1&UID=0&RT=MIMxMQ%3D%3D>

Is this your first time using WebEx?

If this is the first time you'll be using WebEx, the program will need to prepare your pc to view the meeting, so ***please log in at least 10 minutes before the meeting.***

Limited Attendees

The conference is limited to the first 25 callers, so if you have multiple attendees within your practice, please call in as a group.

For Assistance

If you have any questions, please Valerie Jackson at 482-7077 or jacksv2@mmc.org
